

Rakı Cellar

Rakı is more than just a drink; it is a companion to sharing, patience, and long conversations. Ters Köşe's Rakı Library brings together a curated selection of rakis produced across different regions of Anatolia, each carrying its own craftsmanship and character. Every bottle is chosen to harmonize with the flavors of the sea, moving in sync with the rhythm of the table. In these settings, shared alongside fish, rakı is never rushed; it is sipped slowly and unfolds through conversation.

Each rakı in this library is a thread in the fabric of the traditional meyhane culture, stretching from the past to the present. Whether you return to a familiar favorite or choose a bottle you've never met to "catch the table off guard," the experience is yours to define.
